WE PROVIDE A STRONG FOUNDATION FOR YOUR CHILD'S EDUCATION

The Magical Connection between Math/Science and Music is now available to you with an innovative new preschool group music program.

We teach your child to read music in the same manner they are taught letters, numbers, colors, shapes, etc. We have created an array of colorful music teaching tools and worksheets that teach rhythm, pitch, notation, symbols and key signatures.

Students are given a backpack of rhythm instruments at registration to use in class and at home. Throughout the course, additional instruments are provided adding variety, diversity and fun. All students are introduced to piano, guitar, percussion, violin, bells, kazoos, flutophones, and recorders.

Your children will become more confident, communicative and develop an increased attention span, in addition to a growing appetite and appreciation for various types of music and musical instruments.

We are extremely excited to welcome new, amazing teachers to our Forté Family!

Kevin L. - Voice, Piano

Kevin started taking piano lessons at the age of 14. His first true inspiration for the instrument was his grandmother, who was a gospel piano player. He brings a positive attitude along with the vision to promote growth in young students. Focusing on goals and basic fundamentals.

Kevin has always had an ear for music, participating in choir since elementary school. In Jr. high, Kevin was selected for the Highschool select choir. Here is where he began studying sight reading and ear training under his vocal coach Miriam Gibson at Leipsic high school. He would go on to participate in drama club, musicals, and solo singing events and was in select county choir all 4 years of Highschool.

After high school, Kevin began writing and composing original music. Performing at popular venues around the Bowling Green area, including The Clazel. Kevin has also been featured on WBGU-TV and has performed on WBGU-FM. He has also worked with Stephen Merrill, the former telecommunications instructor at BGSU. In 2015 Kevin recorded 3 songs at BGSU as a demonstration for an audio production course.

Kevin continues to work in the local music scene, and perform original music from the greater Toledo area, to Columbus, Pittsburgh, Philadelphia, and Louisville. He has spent the past year as a private instructor in the BG area and is looking forward to the opportunity to teach at Forte Music School!
